Dear Parent(s)/Guardian,
Warm greetings from N.H.Goel World School!

Hope you all had wonderful Diwali Celebrations and family get-togethers last month. I extend my heartiest thanks to all the Parents, Students, Teachers, Admin Staff and the Management whose support and cooperation has been scrupulously helping us throughout the year in building up standards of the school. N.H.Goel World School is stepping into the tenth year since its inception. We at NHGWS, constantly strive to create and enhance those traditions which are the hallmarks of all top schools; nurturing potential, developing life-long skills, and preparing students for an ever-changing global community. Educationists everywhere recognize the important contributions of the parents towards a child's success in school. Success at school begins at home. Parents and teachers model both a silent and spoken language in front of their children daily. A consistent philosophy based on mutual respect, designed and implemented by a caring staff and the parents is the key to a safe and effective learning environment. When all stakeholders are empowered within and outside the school, the result is a successful and an enjoyable experience.
